

## DEPARTMENT OF TRANSPORTATION TRADES

### COURSE OUTLINE – FALL 2022, SEMESTER 1

AUGUST 29 – DECEMBER 16, 2022

#### MCM 150 SHOP I – ???

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.

## **COURSE OBJECTIVES:**

The Pre-Employment Motorcycle Mechanic program has been developed to provide students with entry level skills in the motorcycle mechanic technologies and provide pre-apprenticeship opportunities for those who may be interested in pursuing apprenticeship.

### **Motorcycle Mechanic Training Goal**

#### **I. PROFICIENT**

- A. A thorough competence derived from training and practice (skilled).
  - 1. COMPETENCE – having suitable or adequate ability.
  - 2. ABILITY – physical and/or mental power to perform.

Well advanced in an occupation or branch of knowledge.

#### **II. OCCUPATION**

- A. An activity serving as one's regular employment.

#### **III. PRACTICE**

- A. To perform or work at repeatedly to become proficient (acquire skill).
  - 1. SKILL – specialized knowledge and ability.
- B. To do repeated exercises for proficiency.
- C. To pursue a profession actively.
  - 1. PROFESSION – occupation requiring advanced education.

- The goal of apprenticeship training is to develop a competent journeyman through a combination of on-the- job and technical training.

## **LEARNING OUTCOMES:**

**TRANSFERABILITY:** None.

## EVALUATIONS:

Areas of Evaluation	Percentage of Total Course Mark
Practical Tests	40%
Quality of Work	20%
Productivity	10%
Attitude Towards Daily Work	5%
Ability to Follow Instructions	5%
Daily Clean Up	5%
Professionalism	5%
Attendance	10%

## GRADING CRITERIA:

Students must complete all required courses with a grade point of 2.0 or higher; a percentage of 63% or higher; a “C” letter grade or higher, and no failing grades. A student must pass each course individually in order to receive a Certificate of Achievement in Pre-Employment Motorcycle Mechanic.

Absence for tests or assignment missed will result in a score of zero.

A grade of less than 45% on a practical exam will result in an opportunity to retest at a mutually agreed time, within the original deadline. A 20% reduction will apply to all retests.

## STUDENT RESPONSIBILITIES:

Following the guidelines in “Student Rights and Responsibilities” in the NWP College calendar assist us all in maintaining an adult learning environment. Please refer to the Student Rights and Responsibilities policy in the Northwestern Polytechnic Calendar or at [www.nwpolytech.ca/downloads/documents/StudentRightsandResponsibilities.pdf](http://www.nwpolytech.ca/downloads/documents/StudentRightsandResponsibilities.pdf).

### PROFESSIONAL CONDUCT

Students are in a public facility and will be expected to act accordingly. This includes attitude towards others and refraining from use of offensive language. Everyone is entitled to experience a cordial environment. Remember, you are responsible for the attitude you bring to class every day!

NWP Fairview Campus property is public domain; therefore Alberta traffic rules and laws apply to all parking lots and roadways (enforced by R.C.M.P.).

### ***NWP TRAINING UNITS ARE NOT TO BE RIDDEN AT ANY TIME!***

Helmet usage is mandatory, and insurance and licensing requirements will be met by all students involved in operating powered vehicles.

### ATTENDANCE

Lack of regular attendance will have a bearing on student evaluation. Regular attendance and punctuality in all courses are mandatory. Failure to maintain the necessary level of attendance may result in the student being withdrawn from the program.

Certain unavoidable absences may be excused by the instructor(s). In such cases the student shall make every effort to inform the instructor(s) prior to an absence. If this is not possible the student shall at the earliest opportunity (next regularly scheduled class) provide a descriptive note explaining the absence. Failing to provide a note or acceptable explanation at the beginning of the next attended class will result in an unauthorized absence. Any missed information is the student's responsibility!

Absence for tests or assignment missed will result in a score of zero.

### ***Absence reporting is solely the student's responsibility!***

Based on a percentage of the total hours in a program involving unauthorized absences (i.e. MCM 100/150 = 480 hours).

1. 2.5% of total hours: Student will be given a verbal warning by the Instructor  
(12 hours) (to be recorded).
2. 3.75% of total hours: Student will be advised in writing by the Program Leader  
(18 hours) or designate.
3. 5.0% of total hours: Student may be withdrawn from the program!  
(24 hours)

**STATEMENT ON PLAGIARISM AND CHEATING:**

Cheating and plagiarism will not be tolerated and there will be penalties. For a more precise definition of plagiarism and its consequences, refer to the Student Conduct section of the Northwestern Polytechnic Calendar at <https://www.nwpolytech.ca/programs/calendar/> or the Student Rights and Responsibilities policy which can be found at <https://www.nwpolytech.ca/about/administration/policies/index.html>.
