EMAIL: tmaclean@gprc.ab.ca

INSTRUCTOR: Shelley Brown
OFFICE: L215
PHONE: 780-539-2794
EMAIL: sbrown@gprc.ab.ca

CALENDAR DESCRIPTION:
Focus is on the basic concepts of the nursing profession and discipline: nursing, person, health and environment. These concepts will be explored within the context of primary health care and changing perspectives of health and how this evolution has impacted the development of the profession of nursing. The philosophical, theoretical, historical, ethical, and legal underpinnings of professional nursing practice will be examined.

PREREQUISITE(S)/COREQUISITE:
Corequisites: PZ1515 and NS1055

REQUIRED TEXT/RESOURCE MATERIALS:

OR

Credible website i.e. eCPS or app.

Safe Medicate Software

DELIVERY MODE(S):
Lecture/Seminar/Lab

COURSE OBJECTIVES:

1. Describe, understand and articulate an understanding of theory related to key patient safety concepts including communication, teamwork, environmental and human factors, safety risks and adverse events disclosure.

2. Describe, understand and articulate an understanding of theory related to patient centered care and inter professional practice.

3. Describe and discuss nursing as a profession and discipline and be able to identify the role of the nurse in the current Canadian health care system.

4. Demonstrate professional communication in all learning environments.

5. Demonstrate an understanding of the processes of self-directed learning, critical thinking, and group process skills in learning activities.

6. Identify the primary goals and activities of professional nursing organizations at provincial, national and international levels.

7. Demonstrate an introductory level of understanding related to global citizenship, health equity and social justice as it applies to nursing practice.

8. Integrate knowledge generated from course scenarios, labs, and FRS and apply this knowledge to introductory nursing situations.

9. Demonstrate an understanding of the nursing process and apply the nursing process to specific client related situations.

10. Demonstrate communication, teaching and learning principles.

11. Identify nursing’s meta-paradigms and demonstrate an understanding of a nursing model.
12. Demonstrate an introductory understanding of key documents relevant to nurses in Alberta and Canada (Nursing Practice Standards, Entry to Practice Competencies, CNA Code of Ethics and Professional Boundaries for Registered Nurses).

13. Demonstrate knowledge of the determinants of health, primary health care, health promotion, and disease prevention in relation to nursing practice.

14. Demonstrate knowledge about nursing history and the changing roles of nurses.

LEARNING OUTCOMES:

At the end of this course the students will be able to describe, understand and articulate nursing history and theories at a novice level. The students will gain an understanding of the nursing process and nursing as a profession and a discipline. They will be able to demonstrate professional communication, self-directed learning, critical thinking and group process skills. The students will be able to identify concepts related to patient centered care, inter professional practice, global citizenship, health equity and social justice in relation to nursing practice.

TRANSFERABILITY:

UA, UC, UL, AU, GMU, CU, CUC, KUC.

Please consult the Alberta Transfer Guide for more information (http://alis.alberta.ca/ps/tsp/ta/tbi/onlinesearch.html?SearchMode=S&step=2)

** Grade of D or D+ may not be acceptable for transfer to other post-secondary institutions. Students are cautioned that it is their responsibility to contact the receiving institutions to ensure transferability

EVALUATIONS:

LEARNING EXPERIENCES:

1. Lecture: Students will work with the instructor and guest speakers in class to acquire the necessary information to meet the course objectives. A schedule of lecture topics and suggested readings will be posted on the Nursing 1035 Moodle site. Lecture time will be spent listening, discussing and participating in group discussions.

   **Note:** If lecture outlines and/or note taking guides are used and provided by guest speakers, these will also be posted on Moodle only when made available by the speaker. Students are encouraged to take their own notes in class as not all power points are available for distribution. For learning purposes, attendance is highly recommended.

2. Seminar: Students will be engaged in a variety of activities related to the course objectives and work through scenarios. Attendance is expected at all scheduled sessions. Absences are to be communicated to the instructor PRIOR to the scheduled seminar in a manner identified by the instructor.

   The Learning Scenario Package includes the following scenarios:
   Ashlynn
3. **Lab Experiences:**

Students are required to prepare for labs by reviewing the appropriate lab guide, doing the required readings, viewing assigned videos, and completing worksheets. At the end of each lab, students are responsible to demonstrate beginning proficiency and competence with each of the skills in the lab guide. Students are reminded that additional practice in addition to scheduled labs is necessary for skill development - this practice may occur at home or during regularly scheduled practice labs. Students who are unable to demonstrate beginning proficiency and competence in all lab skills will not be successful on the Laboratory Assessment Guide (LAG). Attendance at all labs is required and students are responsible to consult with their Lab Instructor to make up for missed labs.

Please refer to **Lab Guides and Lab/Simulation Information Moodle** for information regarding specific labs including scheduled Practice Labs.

**NOTE:** Any absences in Lecture, Seminar or Lab must be reported to the instructor prior to the scheduled class.

**To PASS Nursing 1035, students must:**

- Consistently demonstrate satisfactory performance and professionalism in Lecture, Seminars and Laboratory sessions.
- Complete the following requirements:

**COURSE EVALUATION PROCESS:**

<table>
<thead>

</tbody>
</table>
Individual Performance in Seminar | 15%  
Laboratory Assessment Guide (LAG) | Pass/Fail | TBA as per lab instructor

COURSE EVALUATION DETAILS:

Detailed description of these are found in the course syllabus.

1. **Examinations # 1, # 2, & # 3:** This exam will include content from seminar, lecture and lab. This exam may include multiple-choice, matching and/or short answer questions. Details will be provided prior to this exam.

2. **Assignments:** There are two assignments for this course. Please refer to the course syllabus for further details. APA format is required for all writing assignments.

3. **Lab Assessment Guide (LAG-PASS/FAIL Date: TBA):** The LAG is completed by the lab instructor at the completion of your lab experience. To pass the LAG you must receive at least 7/13.

4. **Individual Performance in Seminar:** Will be evaluated using the Participation Rubric

GRADING CRITERIA: (The following criteria may be changed to suite the particular course/instructor)

Please note that most universities will not accept your course for transfer credit **IF** your grade is less than C-. This means **DO NOT GET LESS THAN “C-” IF YOU ARE PLANNING TO TRANSFER TO A UNIVERSITY.**

STUDENT RESPONSIBILITIES:

Overarching statements:
Students are responsible to familiarize themselves with Graduate Competencies and Year-End Outcomes (with Cross Reference to Courses) 2015-2016. Attention must be given to the competencies that are identified as being relevant to NS 1035.

Students must regularly refer to the document entitled Graduate Competencies and Year-End Outcomes Condensed Version 2015-2016. Attention must be given to the competencies that are identified as being relevant to NS 1035. This document serves as the basis for the evaluation of students' clinical practice.

All students must practice in a manner that is consistent with:
- Grande Prairie Regional College Student Calendar

STATEMENT ON PLAGIARISM AND CHEATING:
Cheating and plagiarism will not be tolerated and there will be penalties. For a more precise definition of plagiarism and its consequences, refer to the Student Conduct section of the College Admission Guide at http://www.gprc.ab.ca/programs/calendar/ or the College Policy on Student Misconduct: Plagiarism and Cheating at www.gprc.ab.ca/about/administration/policies/**

**Note: all Academic and Administrative policies are available on the same page.
