Nursing Practice – Health Assessment & Nursing Process

The focus is on the health assessment of the adult and expected health assessment findings throughout the lifespan. The course provides a beginning foundation of the nursing process as framework for developing assessment skills and use of clinical technologies necessary for determining client health status and provision of care. Course includes 15 clinical hours total.

Prerequisites: NS1500 and NS1205

Corequisites: MI1330 and NS1240

Notes: Available only to Nursing students.

COURSE HOURS

Lecture: 2 hours/week

Lab: 2 hours/week

Clinical: 15 hours over 13 weeks

COURSE OBJECTIVES

Upon completion of this course, the student must be able to:

1. Understand the role of health assessment in nursing practice and patient care in all settings.
2. Develop and demonstrate the relationship of health assessment and assessment skills in the nursing process through understanding of subjective and objective data collection, validation of findings, and exploration of beginning phases for patient care.
3. Provide rationale underlying for assessment techniques for subjective and objective data collection.
4. Apply therapeutic communication skills to facilitate professional relationship building, conducting health history interviews, health promotion activities, risk reduction identification, and patient learning.
5. Describe and demonstrate a holistic approach to health assessment across the lifespan.
6. Acquire the skills of physical examination and demonstrate safe, competent patient assessments.
7. Demonstrate professionalism and ethical practice during health assessment and nursing practice.
8. Demonstrate accurate, organized, concise documentation of health assessment findings.

CLINICAL PRACTICE PREPARATION

Professional responsibility for nursing students includes clinical practice preparation to evidence-informed practice and patient safety. Preparation includes appropriate understanding, synthesis, and integration of relevant knowledge. The clinical instructor, in conjunction with the clinical site, will identify appropriate timeframes for students to access patient records.

Clinical practice preparation is required in addition to direct course hours. Student who are not adequately prepared to provide safe and competent patient care will not participate in clinical activities.

COURSE EVALUATION

Assignments/ Course Components	Dates	Weight
1. Lecture/Lab Quizzes	Online due Mondays @ 1100 hr	10%
2. Midterm Exam	Feb 24th	30%
3. Submission of Portfolio Jigsaw Puzzle	April 6th	10%
4. Final Exam	During Exam week in April TBA	35%
5. Clinical Practice (Clinical Assessment Tool)	April 9 th @ 0800 via email	15%
6. SafeMedicate	April 13 th (online open for 24 hours)	Complete

A letter grade reduction per calendar day will be applied to all late assignments unless prior consent has been given by the instructor. Submit extension requests directly to the instructor. Requests will be considered PRIOR to the due date.

ASSIGNMENT DESCRIPTIONS

1) Lecture/Lab Pre-Quizzes: (10%)

The lecture pre-quizzes are completed on Moodle. These pre-quizzes will be multiple choice and will be completed by students individually on Moodle unless otherwise indicated. The content, timing, and frequency of the lecture quizzes are identified on the Moodle site for each week. Missed pre-quizzes will be assigned a score of zero. There will be no deferred or make-up quizzes. The average of all pre-quizzes will be worth 10% of the final grade.

2) Midterm Examination (30%)

The midterm exam will be administered over a 1-hour period. The exam will include content from lectures, required readings, and labs from Week 1 – Week 6 inclusive.

3) Submission toward Portfolio (10%)

Student will participate in a Jigsaw Puzzle activity to collaboratively learn about health assessment and the older adult. Following the activity, student will write a critical reflection

on their participation in the Jigsaw Puzzle for submission to their Portfolio along with any resources that their group developed for the activity. Student will submit a copy of their critical reflection in Moodle for grading.

4) Final Examination (35%)

The final examination will be administered over a 3.0-hour period during exam week as per the Registrar's Schedule of exams. The content is cumulative, and covers all lectures, required readings, and laboratory experiences.

Deferred final examinations may be granted when an examination has been missed or interrupted because of illness, or a conflict with religious beliefs. In the case of illness (physical, mental or emotional), medical documentation will normally be required. See page 42 of the 2019/2020 GPRC calendar for further information.

5) Clinical Practice (Clinical Assessment Tool) x 3 (15%)

A summative assessment of nursing practice will be completed by the student and the Clinical Instructor. This will be accomplished through observation, assessment and evaluation of the student during various clinical activities. Students will receive ongoing verbal and/or written feedback from the Clinical Instructor throughout the course in order to support learning. Feedback may be supplemental with input from peers, the staff of an agency, and the client.

Students at risk in any of the indicators on the Clinical Assessment Tool will develop a Learning Support Plan in collaboration with their Clinical Instructor. Students must successfully meet the Learning Support Plan by the agreed upon date. At final, students must achieve a "Pass" on all areas of the Clinical Assessment Tool in order to successfully complete NS1250.

- 6) **SafeMedicate – Complete/Incomplete (April 13th – assessment open for 24 hours)**
Students will complete a health numeracy assessment on-line through the SafeMedicate program. The assessment focuses on basic math skills to ensure success in the dosage calculation required in nursing. There is no grade associated with the assessment, but completion is required to proceed to 2nd year. The assessment will be open for 24 hours starting at 0800 on April 13th until 0800 on April 14th. Once you have begun the assessment you have one hour to complete the questions. This program is used in all clinical practicums for the remainder of the nursing program. Information to purchase this program will be given in March 2020.

LATE ASSIGNMENTS

It is expected that **ALL** assignments must be completed to obtain credit in the course. Assignments are expected to be passed in at the time and place they are due. Extensions may be granted and must be negotiated with the instructor prior to the due date and with a date specified for late submissions.

A penalty of one letter grade for each calendar day that an assignment is submitted after the due date will be deducted from the final mark. For example, a paper marked as an A, would receive an adjusted grade of A- if handed in one day late. When submitting assignments **electronically**, it is the **student's** responsibility to ensure the assignment has been received.

***Warning:** Although we strive to make the transferability information in this document up-to-date and accurate, **the student has the final responsibility for ensuring the transferability of this course to Alberta Colleges and Universities.** Please consult the Alberta Transfer Guide for more information. You may check to ensure the transferability of this course at Alberta Transfer Guide main page <http://www.transferalberta.ca> or, if you do not want to navigate through few links, at <http://alis.alberta.ca/ps/tsp/ta/tbi/onlineSearch.html?SearchMode=S&step=2>

**** Grade of D or D+ may not be acceptable for transfer to other post-secondary institutions. Students are cautioned that it is their responsibility to contact the receiving institutions to ensure transferability**

The assignments are marked as raw scores according to the percentage weight assigned to each. The marks on course assignments will contribute to the overall letter grade according to the percentage that each assignment is weighted in the course. At the end of the course, all assignment scores are totaled for a term summary mark in the course based on the grading scale below.

The FINAL COURSE GRADE is based on the cumulative total of individual student's weighted assignment marks.

SPECIALIZED SUPPORTS AND DUTY TO ACCOMMODATE

Disability Support Services: Learner Assistance Program If you have a documented disability or you think that you would benefit from some assistance from a disability's counselor, please call or visit the Disability Supports Office (780) 539-2722 to book an appointment. Services and accommodations are intended to assist you in your program of study, while maintaining the academic standards of GPRC. We can be of assistance to you in disclosing your disability to your instructor, providing accommodations, and supporting your overall success at GPRC College.

Specialized Supports and Duty to Accommodate

Specialized Support and Duty to Accommodate are aligned with the office of Disability Support Services: Learner Assistance Program (LAP) guided by federal and provincial human rights legislation and defined by a number of GPRC Policies. GPRC is obligated by legislation to provide disability-related accommodations to students with identified disabilities to the point of undue hardship.

POLICY STATEMENTS

The course outline acts as an agreement between the student and instructor of this class regarding the details of the course.
