Reading Quizzes (8 quizzes total at 4 points each for 32 points total)

You will be given 8 reading quizzes covering your syllabus and chapters in our textbook throughout the semester. Each quiz will consist of a small number of questions (multiple choice, matching, etc.) and are intended to encourage you to keep up with your readings. They are not worth a whole lot of points in the grand scheme of things but could mean the difference between one letter grade and the next! Easy marks! And, they'll help keep you on top of the course content! **Reading Quizzes are to be completed on our myClass page, will open Mondays at 8 am of the week assigned, and close Sundays at 11:59 pm (see due dates on schedule).**

Assignments (4 assignments at 27 points each for 108 points total)

You will complete four minor assignments over the course of the semester. These assignments are intended to serve two primary purposes. First, they are intended to highlight the dynamic and developing possibilities within anthropological research and public dissemination. Second, they are intended to get you to engage critically and creatively with the materials that anthropologists produce (by writing short biographies, travelogues, etc.). While the requirements of these assignments vary significantly with the topics covered and

resources available, they are each intended to give you an opportunity to explore the various sub-disciplines of anthropology (their methods and subjects) in a less structured context. Don't stress. These are supposed to be fun, so jump in and enjoy! **Assignments are to be completed on our myClass page, will open Mondays**

at 8 am of the week assigned, and close Sundays at 11:59 pm (see due dates on schedule). Don't worry, no prep work is required!

Final Exam (60 points total)

You will have a scheduled final exam in this class; HOWEVER, your exam WILL NOT require you to be physically present on campus and will follow the same format as your midterm exam. Your exam is a TAKE HOME. As we will be invoking concepts that are foundational to the discipline of anthropology, it WILL build on the material covered throughout the course. Your final exam will be worth 60 points and consist of an essay question and response that will be provided in advance. **Your final is to be completed on our myClass page and will open on the Monday (at 8 am) of the last week of scheduled classes. The exam is due and will close by 11:59 pm on the date scheduled by the registrar. I will let you know when this information is available.**

GRADING CRITERIA:

Please note that most institutions will not accept your course for transfer credit **IF** your grade is **less than C-**.

Attendance and Participation: Attendance will not be taken, and no part of your grade is directly tied to attendance/participation. You are paying good money for this class and committing a significant amount of time to it. To get the most for your money and effort, **attendance is strongly encouraged.**

Classroom Climate Expectations: To create and maintain a safe and productive learning environment in the classroom, standards of behaviours are expected as follows:

1. **Listen** attentively and TAKE NOTES.
2. **Communicate** clearly and actively when asking questions or during discussions.
3. **Be respectful** when asking questions/discussing topics with EVERYONE. This does not mean that you need to agree with all the views/opinions expressed but note that there is a difference between being critical or engaging in a productive conversation and being confrontational or abusive.
4. **Refrain** from excessive talking or use of technology for NONACADEMIC PURPOSES. You are supposed to be in class, so BE IN CLASS.

Use of Generative AI in Assignments and Exams: We all know that Generative Artificial Intelligence (AI) can create pieces of writing and other creative outputs.

These tools include ChatGPT, Claude, Microsoft Copilot, and so on. These tools are now with us, so it is important to learn how to use them responsibly. You may use AI tools to learn and practice concepts in this course but remember to use a critical eye to what it is telling you. However, you **may not** use AI to write your class assignments or exams for you. This course policy is designed to promote learning and development and help you reach the course learning outcomes. You're here to learn and learning how to communicate ideas through writing is one of the most important parts of being a student.
