

DEPARTMENT of Education
COURSE OUTLINE – Fall 2025

ED2510(A2 & B2): Introduction to the Profession of Teaching – 3 (3-0-4) 105 Hours for 15 Weeks

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land, and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.

LEARNING OUTCOMES:

- Explain the difference between classrooms as places for “teaching” versus places of “learning.”
- Discuss multiple instructional strategies to support student intellectual, social, and personal development.
- Describe how to create a learning environment that encourages positive social interaction, active engagement in learning, and self- motivation.
- Compare the roles of the Alberta Teachers’ Association and the Alberta Ministry of Education.
- Identify and describe how the historical and sociological legacy of education impacts current student learning.
- For a given instructional situation, give examples of formal and informal assessment strategies to evaluate student learning.
- Ensure the continuous intellectual, social, and physical development of the learner.

FIELD EXPERIENCE

The Field Experience Observation opportunities consist of **TWO five-week rounds** of school visits, one in an elementary setting **and** one in a secondary setting. During **each round**:

- **ED2510 students** will spend a **minimum of 15 hours** at each assigned school.

Notes:

- Observation hours are based on Instructional Hours.
- Mentor teachers **must be contacted** by the student in the first week of each practicum.

School observation hours must be successfully completed to pass the course.

STUDENT RESPONSIBILITIES (on campus):

The assigned readings and exercises for each class should be completed before attending that class, except for the first class. As this course does not have a textbook and depends heavily on in-class discussion and activities, attendance at all sessions is critical to the student's success in the course. A student who misses more than six classes will be required to meet with the instructor to discuss further progress in the course. For example, we encourage students who are ill with COVID to stay home to avoid the spread of COVID. In case of illness or emergency, notify me as soon as possible. If you are unable to attend a particular class, it is your responsibility to find out what was missed.

If you find yourself having difficulty in this course, please contact me immediately for assistance. If you simply want more discussion with me about any aspect of the course, please contact via email or after class to arrange a meeting at an alternate time.

If you foresee that you will be unable to complete an assignment for the scheduled time due to illness or emergency, you should notify me immediately, preferably one day in advance. A message may be sent to my e-mail (the best way to contact me) mmatheson@nwpolytech.ca together with a phone number where you can be reached to arrange for an alternative date to hand-in/present the assignment, if feasible. Failure to notify me will result in a grade of zero for the assignment that was missed, unless proof is presented that you were physically or mentally unable to do so due to a sudden illness or emergency or to unavoidable circumstances beyond your control.

It is expected that all students will display a professional attitude and behaviour in the classroom and online. This includes reliability, respect for and cooperation with your fellow students and the instructor, attention to fellow student questions and instructor's response, determination to achieve first-class work while meeting deadlines, constructive response to criticism, and arriving on time.

All assignments **must be submitted electronically (on myClass)** and must follow APA format. A support document for APA is available in the Learning Resource Centre within the Learning Commons or on-line. It is particularly important to **save a copy of any and all work** submitted for

STUDENT RESPONSIBILITIES (in local schools):

Students will spend a minimum of 30 hours in local schools. A professional attitude and behavior are expected at all times. Specific expectations will be discussed in class.

STATEMENT ON ACADEMIC MISCONDUCT:

Academic Misconduct will not be tolerated. For a more precise definition of academic misconduct and its consequences, refer to the Student Rights and Responsibilities policy available at <https://www.nwpolytech.ca/about/administration/policies/index.html>.

**Note: all Academic and Administrative policies are available on the same page.

Additional Information:

Instructors reserve the right to use electronic plagiarism detection services on written assignments. **Instructors also reserve the right to ban the use of any form of electronics (cell phones, iPods, tablets, scanning pens, electronic dictionaries, etc.) during class and during exams.**

In cases where submitted work exhibits concerning patterns or raises questions for the instructor about its creation and the **student's intellectual effort involved (e.g., use of ChatGPT or other AI)**, students may be required to submit to an oral examination regarding the work at the discretion of the instructor. Failure to participate in the oral examination will result in an assigned grade of 0 for the assessment. If, following the oral examination, the instructor still has concerns about the work, the academic misconduct provisions of the Student Rights and Responsibilities policy (linked above in this outline) may be applied.
