

## DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

### COURSE OUTLINE – Fall 2025

HI2600 (EC): Canadian History 1500 to 1867 – 3 (3-0-0) 45 Hours for 15 Weeks

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.

**INSTRUCTOR:** Dr. Daryl White      **PHONE:** 780-539-2083  
**OFFICE:** B301A (Inside B301)      **E-MAIL:** [dawhite@nwpolytech.ca](mailto:dawhite@nwpolytech.ca)  
**OFFICE HOURS:** 10-11am, Tuesday and Thursday or by appointment

**CALENDAR DESCRIPTION:** Survey of development of economic, political and social aspects of the French and British periods to 1867 is included in the course. #### LEARNING OUTCOMES:

By the end of this course, students will be able to

- Describe and discuss details and patterns of events in Canada between 1500 and 1867,
- Discuss the relevance of the events in Canadian history to the present,
- Design research questions, identify and obtain source material, critically assess source materials, and construct historical interpretations,
- And communicate research findings and interpretations.

## TRANSFERABILITY:

Please consult the Alberta Transfer Guide for more information. You may check the transferability of this course at the Alberta Transfer Guide main page <http://www.transferalberta.alberta.ca>.

\*\* For courses with alpha (letter) grading, a grade of D or D+ may not be acceptable for transfer to other post-secondary institutions. **Students are cautioned that it is their responsibility to contact the receiving institutions to ensure transferability.**

## EVALUATIONS:

Grade Component	Value	Notes
<b>Learning Activities</b> <ul style="list-style-type: none"> <li>• Quizzes – 1.5 % each</li> <li>• Content Reviews – 7% each</li> <li>• Collaborative Content Questions – 1.5% each</li> <li>• Discussion Forum Posts – 2.5% each</li> </ul>	29%	Students can complete a range of activities to earn this portion of the grade. This section recognizes student work for completing a variety of learning activities.
<b>Research Projects</b> <ul style="list-style-type: none"> <li>• 2 Projects, each submitted in a different one of the following formats               <ul style="list-style-type: none"> <li>○ 1,250-word written work (this may be an academic essay or another approved format)</li> <li>○ 800-word infographic</li> <li>○ 1,000-word poster</li> </ul> </li> </ul>	44%	These projects permit students to pursue their own research questions to deepen inquiry into course topics or investigate other topics.  Proposals are specification graded. Projects are assessed using rubrics.  Projects must be documented in APA or Chicago Notes-

<ul style="list-style-type: none"> <li>○ 8–10-minute documentary video</li> <li>• Students must have topics approved through a proposal stage</li> <li>• Project 1             <ul style="list-style-type: none"> <li>○ Proposal – 2%</li> <li>○ Project – 20%</li> </ul> </li> <li>• Project 2             <ul style="list-style-type: none"> <li>○ Proposal – 2%</li> <li>○ Project – 20%</li> </ul> </li> </ul>		<p>Bibliography style – see further requirements below.</p> <p><b>This submitted work will be evaluated by Turnitin software within myClass.</b></p>
<p><b>Final Content Review and Course Synthesis</b></p>	<p>27%</p>	<p>The due date will be scheduled by the registrar.</p>

## GRADING CRITERIA:

Please note that most institutions will not accept your course for transfer credit **IF** your grade is **less than C-**.

## STUDENT RESPONSIBILITIES:

### *General*

- Take as much as you can from this course. Your instructor and classmates will provide you with opportunities to reflect on what you know and believe and to learn new things, but learning does not have to and should not take place just during class time. Pursue questions, chase ideas down online rabbit holes and see where they take you. These facts and ideas can only enrich your understanding and your coursework.
- Remember that this is just a course on a particular subject. Your performance in the course is not a measure of anything more than your ability to learn Canadian history and complete the assessments. Submitting work late or not doing as well as you would like on an assessment is not a measure of you as a person. You are a learner and that means making mistakes. As long as you are trying your best to get as much as you can from the course (and this may depend on your personal circumstances), you have nothing to apologize for.

### *Time Management and Coursework*

- Students are expected to commit the required time to complete this course. Please plan accordingly. Some flexibility will be provided around due dates, but you need to consult with your instructor.
- Regular connection to the myClass page is important to success in HI2600. Online courses can challenge your planning and time management. Try to schedule time for this course as you would for courses you would take in person.

- Respectful participation in course discussions contributes to your understanding and participation in myClass forums contributes to your myClass activities grade.
- All assignments must follow the requirements laid out on myClass and discussed in class. Topics must be approved by the instructor unless specified otherwise on myClass.
- All assignments must be original work for this course. Work previously submitted for other courses will not be accepted in this course. Students found to have submitted previous work will receive a 0% for the assignment.
- All written assignments must be word-processed. It is particularly important to save a copy of any written work handed in for credit or grading.
- All assignments must be submitted electronically via myClass. This procedure will be demonstrated in class.
- The research projects are to be submitted electronically within 48 hours of the deadline to provide some flexibility. Work submitted after this grace period will be assessed at a diminishing value of 5% for every 24 hour period or part thereof to a minimum value of 70% of the grade. If you find yourself struggling, reach out to your instructor.
- Students will be assessed on their research, synthesis and writing in the course assignments. The presentation of information in terms of organization and writing will be assessed in grading along with the research and analysis. Referencing in Chicago Notes-Bibliography or APA style is a requirement for course assignments
- Machine learning systems, commonly referred to as "AI," are useful tools, but must be used appropriately and with caution. Students are developing knowledge and skills and should not outsource these to machines. In this course, you are encouraged to consider how these systems can help you find

information and refine the presentation of your thoughts, but you will also be required to demonstrate that you have verified this information and are responsible for what you present.

- All written work submitted for this course, unless otherwise noted, requires academic referencing in the most recent APA Style. This includes both in-text referencing and a source list (bibliography or references).
- In-text referencing additionally requires specific page references for all paginated sources (sources with page numbers or in documents with identifiable page numbers, such as pdfs). APA does not normally require this unless it is a direct quotation, but this course requires it for all references.
- Students are further required to submit representative images, photographs or scans of printed work and screenshots of the sources referenced. This should include a minimum of the title page and one page referenced in the student's work.
- Works not meeting these requirements will be returned to the student ungraded. Students will be permitted to revise the work subject to a 10% penalty for the first revision and a 25% penalty for the second revision. Revised work which still fails to meet the requirements after a second revision will receive a 0% grade.
- For cases in which submitted work exhibits concerning patterns or raises questions for the instructor about its creation and the student's intellectual effort involved, students may be required to submit to an oral examination regarding the work at the discretion of the instructor. Failure to participate in the oral examination will result in an assigned grade of 0 for the assessment. If, following the oral examination, the instructor still has concerns about the work, the academic misconduct provisions of the Student Rights and Responsibilities policy (linked below) may be applied. Students whose work has raised concerns will not be permitted to complete the take-home final exam.

## STATEMENT ON ACADEMIC MISCONDUCT:

Academic Misconduct will not be tolerated. For a more precise definition of academic misconduct and its consequences, refer to the Student Rights and Responsibilities policy available <https://www.nwpolytech.ca/about/polytechnic-leadership/policies-directory>.

\*\*Note: all Academic and Administrative policies are available on the same page.
