

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

COURSE OUTLINE – WINTER 2025

PY3000 (A3): Psychology of Sex and Sexual Interactions – 3 (3-0-0) 45 Hours for 15 Weeks

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.

STUDENT RESPONSIBILITIES:

Each class's assigned readings and exercises should be completed before attending that class. As this course depends heavily on discussion and, at times, practice exercises and illustrations, attendance at all sessions is required and is critical to the student's success in the course. In case of illness or emergency, notify the instructor as soon as possible. If you have difficulty in this course, please contact me immediately for assistance. Please let me know if you want to discuss any aspect of the course or your aspiration.

You are accountable for delivered lectures, assigned readings, and any announcements that will be made in class occasionally. If you are unable to attend a particular class, it is your responsibility to find out what was missed. For optimal learning and readiness for class participation, you are expected to attend class regularly (no less than 80% attendance) and read the assigned chapters/topics before coming to class on the dates indicated on the timetable, except for the first session. Past course records show that class attendance is highly correlated with the final grade in the course.

If you foresee that you will be unable to write a test or exam at the scheduled time due to illness or emergency, you should notify me immediately, preferably one day in advance. A message may be left on my voice mail (780-539-2061) or e-mail (aalasadi@nwpolytech.ca) together with a phone number where you may be reached to arrange for an alternative date to write the test, if feasible. Failure to notify the instructor will result in a grade of zero for the missed tests unless proof is presented that you were physically or mentally unable to do so due to a sudden illness, emergency, or unavoidable circumstances beyond the student's control.

All students are expected to display a professional attitude and behaviour in the classroom. This includes reliability, respect for and cooperation with fellow students and the instructor, attention to fellow students' questions and the instructor's response, determination to achieve first-class work while meeting deadlines, and constructive response to criticism.

STATEMENT ON ACADEMIC MISCONDUCT:

Academic Misconduct will not be tolerated. For a more precise definition of academic misconduct and its consequences, refer to the Student Rights and Responsibilities policy available at <https://www.nwpolytech.ca/about/administration/policies/index.html>.

**Note: all Academic and Administrative policies are available on the same page.

Additional Information:

MOST IMPORTANT: Instructors reserve the right to use electronic plagiarism and AI detection services on written assignments. **Instructors also reserve the right to ban the use of any form of electronics (cell phones, Blackberries, iPods, tablets, scanning pens, electronic dictionaries, etc.) during class and exams.**

Cell phones, tablets, notebooks, laptops, and other electronic devices are strictly forbidden in my classes and exams. Also, I use plagiarism and AI detection software for all written assignments and essays.

In Addition:

1. The format of each exam will be discussed in class.

2. Exam grades are final, and there is no substitute work for your poor exam grade.
3. The nature and topics of your written paper will be discussed in class
4. It is your responsibility to read each and every chapter and assigned reading (if any) and attend all lectures.
5. Lectures will not always cover the reading materials. Lectures may cover topics and include information that is not covered by your reading materials. Therefore, it is imperative that you attend every class as your exams may include materials from the lectures that are not covered by the reading materials.
6. Students are expected to display a professional attitude and behaviour. These attitudes and behaviours are many and will be discussed in class. Any violation or misconduct may result in dismissal from the class.
7. Talk to me if you have concerns or if you are experiencing difficulties that may have a negative impact on your academic performance.

Please keep this course information sheet for future reference.
