- In cases where submitted work exhibits concerning patterns or raises questions for the instructor about its creation and the student's intellectual effort involved, students may be required to submit to an oral examination regarding the work at the discretion of the instructor. Failure to participate in the oral examination will result in an assigned grade of 0 for the assessment. If, following the oral examination, the instructor still has concerns about the work, the academic misconduct provisions of the Student Rights and Responsibilities policy (linked below) may be applied.
