- NWP's Department of Education offers an adult education environment. Therefore, students are expected to attend all classes and show respect for their instructor and fellow classmates. Students are expected to participate fully in achieving their educational goals.
- Students are expected to arrive to classes on time and to stay for the duration of the classes. As an instructor, I will begin and end classes on time as well as schedule breaks as needed. Habitually arriving late or leaving early is considered disrespectful of your instructor and fellow classmates' time.
- Students are expected to check the D2L/My-Class learning management system and NWP email every 1-2 days, excluding weekends. This will ensure that students stay informed concerning course updates, readings, and

announcements. It is the responsibility of the student, not the instructor, to print off readings and assignments from the course page as necessary.

- Students are expected to demonstrate academic integrity in their work. This means that students should be completing their weekly readings and submitting work that has been authentically produced or created by themselves.
- Students are expected to adhere to American Psychological Association (APA) 7th edition format and citation style for assignments. This means that students must include in-text citations and references if external sources of information are consulted and used in the production of their work.
- Generally, students should not be using Artificial Intelligence in the production of their work. If the instructor has concerns regarding plagiarism, cheating, or inappropriate use of Artificial Intelligence in students' work, such instances will be treated seriously and in adherence to NWP's policies and procedures regarding academic misconducts.
- Unless arrangements have been made with the instructor prior to the due date, late assignments will be docked 10% per day with weekends counting as one day. If the assignment is not received within 5 days of the due date, a grade of 0% will be given. Extensions will not be granted by the instructor on the days that student work is due.
- Students will receive a mark of 0% if they miss a test/exam and have not notified the instructor in advance. If students must miss a test/exam, they should contact the instructor before the test deadline (as soon as possible) via email. They may be asked to provide documentation to justify their absence.
- Please communicate with me via email for booking office appointments, excusable absences, and other communication or requests. Email is the fastest and most efficient way to get a hold of me. I will respond to email communication within 24-48 hours.
