Calendar Description: An introductory-level studio course that will introduce you to a variety of techniques and materials pertinent to sculpture. This course will stress basic design, concept and material relationships.

Course Content: During this course the student will:

1. Identify and apply the basic principles of art and design as they relate to three-dimensional objects, including balance, emphasis, movement, repetition, and scale.
2. Learn about the characteristics of various sculptural media (including wood, fibers, paper, clay, plaster, and found materials) and develop the technical skills required to manipulate them.
3. Exhibit a basic working knowledge of sculptural methods including modeling, molding and casting, construction and assemblage.
4. Be encouraged to think creatively, to problem solve and to experiment.
5. Develop a critical understanding of sculpture through verbal discussion and class critiques.
6. Demonstrate the ability to independently research artists, techniques or media related to the field of sculpture and to record findings in a sketchbook/ journal and to present this research to the class.

Evaluation: **CRITERIA FOR EVALUATION**

1. The level of creativity and craftsmanship demonstrated.
2. The degree of knowledge and understanding of the elements and principles of sculpture.
3. Portfolio presentations will be required throughout the duration of this course.
4. Participation grade is established by your level of enthusiasm, commitment, involvement and flexibility in both studio and

individual/collective critiques.

## **STUDIO PROCEDURES**

Students are expected to set up work prior to class commencing, so that lectures and demonstrations can proceed uninterrupted. These will not be repeated for latecomers. Many students will be using the studio, so it is important to maintain care in setting up and cleaning of the space you use, and to exhibit consideration towards workspace, materials and other students.

If there is any doubt as to the safety of the work being undertaken while the instructor is absent the students will consult with the technician before continuing the work.

All forms of electronic communication, including cell phones, Blackberries, and other devices should not be used in class. Exceptions include parental responsibilities or emergency situations.
