BA 111 - INTRODUCTION TO ACCOUNTING

COURSE
CONTENT:

Text Chapters 1 through 10 and Chapter 13. Problems and cases from the text and related materials to be distributed during the term.

The laboratory session will be used for problem-solving, case analysis and discussion. Issues of common interest will be further explored in this time slot.

An understanding of the accounting process within organizations is integral to a well-rounded program of business studies. The understanding will be useful as confirmed by the business community, in any career option that the student chooses and serves as an academic base for further studies in accounting.

Students are encouraged to discuss this course with the instructor at any time.
