

## Course Overview

**Biology 1080 Organisms in their Environment**  
**Yellowhead Region Educational Consortium, Hinton**  
**December - April 2003**

### Instructor

Laurie Hunt, phone 865-6162  
e-mail, laurie.hunt@telusplanet.net

### Required Text

Biology, 6th edition, by Neil A. Campbell. Benjamin/Cummings Publishing Co.

### Course Equivalents

Grande Prairie Regional College, Biology 1080  
University of Alberta, Biology 108

### Lectures

Tuesdays, 1:00 pm - 4:00 pm

### Labs / Tutorials

Friday, 9:00 am - 12:00 noon

### Grading System\*

Assignments & Labs	30%
Quizzes	15%
Mid-term Exam	20%
Final Exam	35%
Total	100%

#### \*Note:

- Assignments will be given periodically throughout the course. These will be based on material covered in both lectures and labs.
- Quizzes will be held on Tuesdays at 1:00 pm. Late students will not be permitted to write the quiz, and will receive a mark of zero for that quiz. Quizzes are intended to motivate students to review material that was previously covered, and to preview material that is to be covered in the lecture that evening.

### Policy on Late Assignments

All assignments are to be handed to the instructor at the beginning of class (1 pm or 9 am), on the due date. Assignments received after that time are considered late, and will lose 20% for each day late. Late assignments are to be handed to the YREC office by 4:30 pm.
