As well, for the final examination students must be available between April 20 and April 28. The date and time of the final exam will be announced by the Registrar's office. This information is also subject to change so students should continue checking the posted schedules as they are updated.

Exams (and quizzes) will consist of multiple choice, short answer and true or false questions. If an exam is missed because of a serious reason, such as illness, proof must be provided to the instructor (ie, a note from your physician) before a makeup exam can be arranged. If you realize you cannot attend a scheduled exam please notify the instructor as soon as possible either in person or leave a message on the instructor's office answering machine. If you are unable to write the final exam at the scheduled time you should notify the instructor and submit an application to the Registrar's office for permission to write a deferred exam.

Please bear in mind that exam marks are FINAL. This means you cannot rewrite an exam because of a poor grade and there are NO written assignments you can do to make up for a poor exam grade.

Cheating on an exam is punishable by having your exam taken from you at the time and a grade of F for the entire course. For more information regarding academic dishonesty please see page 19 of the college calendar.

Because lectures will not always cover the assigned reading your attendance is expected at all lectures. The instructor does NOT lend out lecture notes. Students are responsible for assigned textbook chapters and other assigned readings as well as material covered in lectures.
