Prerequisite(s)/corequisite(s):

Prerequisite: HP 1240

Corequisite: HP 1230

Description:

This course introduces students to a variety of hospitality and tourism environments through a practicum that unites theory and practice. Students can expect to record observations and reflections as they complete the work placement component of this course. Shift hours of work may be involved in the practicum.

Credit/Contact Hours:

This is a 3 credit course with approximately 1 hour weekly seminar time and 5 hours per week of practicum placement.

Delivery Mode(s):

Seminar, practicum, group discussion, and assigned readings may all be used during this course.

Objectives:

- To give students an opportunity to apply skills and knowledge they have learned in the program.
- To acquaint students with a variety of field experiences in the area of Hospitality and Tourism.
- To integrate theory with practical experience.
- To assist students with future employment by gaining work experience and connecting them with employers.

Course Outline:

1. The instructor, in consultation with the student, shall determine the company with whom the work experience will take place.
2. The practicum will consist of 75 hours, including 5 hours of in-class seminar time and 70 hours of field placement.
3. Seminar classes will be held January 20, February 24, March 24 and April 14, 2009. Attendance at the seminar classes is mandatory.
4. The practicum will consist of a placement where the student will attend work experience for the duration of the term. There will be a total number of 70 hours required to complete the practicum. The dates will be from the week of January 11 to April 15, 2009. This equates to approximately 5.5 hours per week for 13 weeks. Any missed hours need to be made up.
5. Students are expected to keep a journal logging their dates of work, number of hours worked each shift and the work tasks performed. As well, a journal entry documenting their observations, personal reflections and learning is to be completed once per week. This journal is to be submitted via email each Friday. Please ensure that your name is on your submission.

6. The student will write a midterm and final self – evaluation of their work progress.
7. The supervisor will be requested to complete a midterm and final evaluation for the student.
8. Evaluation by the instructor will be ongoing throughout the work experience time. The instructor will contact the work experience supervisor by telephone, personal visit, or e-mail, according to his/her preference.
9. Both the supervisor and the student need to contact the instructor immediately if there are any problems or concerns that they are not able to resolve. At the request of either the employer or the student, the internship may cease and alternative arrangements will be made for the student to complete their field placement.
10. There is **no final exam** in this course. The final mark for this course is Credit or No Credit. Therefore, it is important that students attend all placement visits as well as seminar classes.

*** If students miss more than two placement visits or two seminars, the instructor has the right to require students to withdraw from the practicum.**
