

Grande Prairie Regional College

Department: Academic Upgrading

COURSE OUTLINE—FALL 2009

INTRODUCTION TO MATH 0080

Instructor's name: Christine Frattini

Phone number: 780-539-2810

Instructor's office: Math Lab A210

Email: cfrattini@gprc.ab.ca

Calendar Description:

MA 0080 Basic Mathematics II 5 (5-0-0) Time: 75 Hours

Description: This course is an individualized program of study which covers whole numbers, decimals, fractions, metric measurement, ratio, proportion, introductory geometry, introductory statistics, and problem solving.

Prerequisite: [MA0060](#) or equivalent math placement test score

Resource requirements:

Package of MA0080 modules, Updated 2005

Attendance:

Regular attendance is expected of all students in all mathematics courses. Your success in math is directly linked to your attendance. Attendance will be taken during class. Any student **missing more than 15 classes may be debarred from writing the final exam.**

Course Delivery and Evaluation:

This course is divided into 8 separate units called modules. The instructions for each topic are given in the modules, followed by several examples and exercises. Study the instructions and work through the examples before starting each exercise. The answers for each exercise are given at the end of the module. Check your work **often** to make sure you understand each new topic.

The key to success in working with modules is to **ask questions** whenever you have difficulty understanding the instructions, the examples, or the exercises. **Do not hesitate to ask for help.**

After each module you must write a test. When writing a test, be sure to show all of your work on the test paper. Marks are given for method as well as final answer. A passing mark of 60% is required on the test before continuing on to the next module. If you are unable to attain this mark, you must review the material and rewrite the test. The first and second test marks will be averaged.

A 50-minute midterm, which will cover the first five modules, must be written by **Tuesday, October 20**. If you miss this date, you will receive a mark of 0% on your midterm. Upon completion of all the course modules, you will write a three hour final exam. Be sure to leave time to prepare for these important exams! They are worth a large percentage of your final grade.

The recommended test date for each module and the midterm is on the next page. Follow these dates as closely as you can. You are encouraged to write a test early if you are prepared. **Consult your instructor immediately if you find yourself falling behind schedule.** Your instructor may need to reassess your math skills to ensure that you are placed in a course where you can be successful. **All tests must be written by December 7, 2009.**

Bonus

When you write your module tests on or before the given date, you will be awarded an additional 2% on your score for each test.

Final grades are given as follows:

| | |
|----------------|-----|
| 8 module tests | 48% |
| Midterm | 17% |
| Final Exam | 35% |

| Alpha Grade | 4-Point Equivalent | Percentage Guidelines | Designation |
|--------------------|---------------------------|------------------------------|----------------------|
| A+ | 4.0 | 90 - 100 | Excellent |
| A | 4.0 | 85 - 89 | |
| A- | 3.7 | 80 - 84 | First Class Standing |
| B+ | 3.3 | 76 - 79 | |
| B | 3.0 | 73 - 75 | Good |
| B- | 2.7 | 70 - 72 | |
| C+ | 2.3 | 67 - 69 | Satisfactory |
| C | 2.0 | 64 - 66 | |
| C- | 1.7 | 60 - 63 | |
| D+ | 1.3 | 55 - 59 | Minimal Pass |
| D | 1.0 | 50 - 54 | |
| F | 0.0 | 0 - 49 | <i>Fail</i> |

MA0080 Fall 2009

| Module | DESCRIPTION | Recommended Time & Test Date | Date written | Your mark |
|--------|---|--|--------------|-----------|
| 1 | Whole Numbers <ul style="list-style-type: none"> - reading and writing, rounding - four basic operations, order of operations - exponents, square roots and word problems | 7 days September 14 Monday | | |
| 2 | Decimals <ul style="list-style-type: none"> - reading, writing and rounding - four basic operations, order of operations | 8 days September 24 Thursday | | |
| 3 | Introduction to Fractions | 6 days October 2 Friday | | |
| 4 | Operation with Fractions <ul style="list-style-type: none"> - four basic operations, complex fractions - word problems | 9 days October 16 Friday | | |
| | Midterm - must write on or before this date | Tuesday October 20 | | |
| 5 | Measurement <ul style="list-style-type: none"> - linear measurement, mass and volume - converting within metric system - time and temperature | 6 days October 28 Wednesday | | |
| 6 | Geometry <ul style="list-style-type: none"> - perimeter, area and volume | 10 days November 12 Thursday | | |
| 7 | Ratio and Proportion <ul style="list-style-type: none"> - simplifying and reducing ratios - rates and proportions - similar figures | 10 days November 26 Thursday | | |
| 8 | Statistics <ul style="list-style-type: none"> - measures of central tendency - GPA, tables - Bar, line, and circle graphs, pictographs | 6 days December 4 Friday | | |
| | Final Exam | To be announced (Dec. 9-18) | | |

MA0080 Fall 2009 Homework Schedule

1. Whole Numbers

1-3 4&5 6&7 8&9 10 Review
Sept.3 4 8 9 10 11

Test: Monday Sept. 14

2. Decimals

1 2 3 4 5 6 Review
Sept.15 16 17 18 21 22 23

Test: Thursday Sept.24

3. Introduction to Fractions

1-3 4&5 6&7 8&9 10&Review
Sept.25 28 29 30 Oct.1

Test: Friday Oct. 2

4. Operations of Fractions

1 2 3 4 5&6 7 8&9 Review
Oct.5 6 7 8 9 13 14 15

Test: Friday Oct. 16

Midterm Exam on Tuesday Oct. 20

5. Measurement

1&2 3&4 5&6 7&8 Review
Oct.21 22 23 26 27

Test: Wed. Oct. 28

6. Geometry

1&2 3&4 5 6&7 8 9 10 11 Review
Oct.29 30 Nov.2 3 4 5 6 9 10

Test: Thurs. Nov. 12

7. Ratio and Proportion

1-3 4 5 6&7 8 9 10 11 Review
Nov.13 16 17 18 19 20 23 24 25

Test: Thursday Nov. 26

8. Statistics

1 2 3&4 5 Review
Nov.27 30 Dec.1 2 3

Test: Friday Dec. 4

Final exam to be announced (December 9-18)

AUD STUDENT CLASSROOM DEPARTMENT GUIDELINES DRAFT May 2008

The Academic Upgrading Department is an adult education environment. Students are expected to show respect for each other as well as faculty and staff. They are expected to participate fully in achieving their educational goals in a timely manner.

Certain activities are disruptive and not conducive to an atmosphere of learning. In addition to the *Student Rights and Responsibilities* as set out in the College calendar, the following guidelines will maintain an effective learning environment for everyone. We ask the cooperation of all students in the following areas of classroom department.

1. Students are expected to turn off cell phones during class time or in labs.
2. Refrain from disruptive talking or socializing during class time.
3. Be respectful of others regarding food or beverages in the classroom. Clean up your eating area and dispose of garbage.
4. Recycle paper, bottles and cans in the appropriate containers.
5. Students are expected to be punctual. Arrive on time for classes and remain for the duration of scheduled classes or related activities.
6. Children are not permitted in the classrooms.
7. Students are expected to notify the instructor of any extenuating circumstances.

Electronic Devices

No unspecified electronic devices will be allowed in exams.

Success Standard

Although 50% is considered a pass in most courses, if you wish to be successful at the next level, we strongly recommend that you have a mark of 60% or better in your pre-requisite courses.

Examinations:

The final exam will be 3 hours long and is scheduled by the Registrar's office during December 9 – 18.

Statement on Plagiarism:

The instructor reserves the right to use electronic plagiarism detection services.
