Developing a personal practice plan is essential to success in this course. It is the students' responsibility to come to lessons prepared and ready to work.

Students are required to attend 10 professional Fine Arts Department events throughout the year as well as attend all *Visitor In the Arts* or *Concert Series* productions, and may also attend high level productions outside of school for this component. Please have a copy of each program and a one-page written report in order to submit this for 5% of your final grade. You will submit this to the instructor at the final lesson of the year.

Your juries and juried recital performance(s) may be performed on-line rather than on-sight due to the COVID-19 situation.

The **Recording Assignment** will be in conjunction with students enrolled in MU2081. This assignment is twofold:

1. For students to get the experience of pre-production, production, and post-production collaboration with other students, learning the process of recording a song.
2. For students to write reflectively on this process and how it compares to live performance.

Students must meet with students from MU2081 to discuss the process of recording, who will play on their song, and collaboratively book the studio for use and hand in a final copy of this recorded song. It must be a selection that the individual has worked on in class. You are required to submit a journal (typed or handwritten) that reflects on your time through this process and what you learned.

Please note: If the current COVID-19 situation persists there may be a change made regarding this assignment.

The **Oral Presentation** portion of this course will be a 10-15minute presentation that will take place in one of the final Masterclasses. Students will be required to think of a topic related to voice performance or pedagogy that they either are curious to know more about or are personally struggling with (talk to the instructor if you need ideas). Students will use online journals (Journal of Singing) to research this topic and must source three articles that reference their topic. In the presentation students will share what they have learned with the class. There is no written submission required, however a bibliography of the sources used must be submitted on the day of the presentation. This assignment is due at the end of the academic year.
