EVALUATIONS:

Your final mark will be determined strictly by timed tests. Net Words Per Minute will be determined by five minute timings. Net Words will be calculated using the following format:

Gross Words Per Minute (GWAM) minus 2 for each error = Net Words Per Minute (NWPM).

All drill work must be completed in order to attain a grade in this course. Only those timed writing completed using prescribed touch typing techniques will be accepted for grading.

ALL TIMED WRITINGS MUST BE COMPLETED IN CLASS and are completed as a class.

A course average will be calculated at the end of the semester based on your 5 best timings. This will count for half of your score for your final grade. A final timed writing at the end of the semester will be averaged and added to your semester average. This will then be averaged for your final score. All assigned drill work must be completed in order to complete the final timings.

STATEMENT ON PLAGIARISM AND CHEATING:

Refer to the Student Conduct section of the College Admission Guide at <http://www.gprc.ab.ca/programs/calendar/> or the College Policy on Student Misconduct: Plagiarism and Cheating at www.gprc.ab.ca/about/administration/policies/**

COURSE SCHEDULE/TENTATIVE TIMELINE:

Drill work and textbook work will be assigned each week. This work must be done in class. Each week will conclude, on Friday, with a 5 minute timed writing.

The final three classes of the semester will have the three final timings (one each day). An additional final timing will be set during the final exam date. An average of the top five weekly timings and the top three final timings will be used to calculate the final grade.
