Although a high school diploma is not required for entrance to this program, students should be aware that some employers may require a High School Diploma as a prerequisite to employment.

Applicants who do not meet these requirements may be admitted to the program but they will be required to pass the Apprenticeship & Industry Training (AIT) Trades Entrance Exam during the first semester, if choosing to pursue an apprenticeship

REQUIRED TEXT/RESOURCE MATERIALS: Parts Technician 1st Period Apprenticeship ILM's. Students who have successfully completed the program and also completed an acceptable Alberta Apprenticeship Prior Learning Assessment (PLA) Application may have the opportunity to challenge the Alberta Apprenticeship and Industry Training first and second year Parts and/or Materials Technician apprentice exam. A fee is payable by the student to the Minister of Finance per PLA prior to challenging the exam.

CALENDAR DESCRIPTION: This theory course includes: an introduction to the parts and material technician (warehousing) industry. It will cover material handling procedures in all areas including shipping, receiving, storing, etc. as well as measuring the efficiencies in these areas. Also included will be an introduction to parts catalogues, and the correct steps for their proper use. In addition a section on merchandising will cover concepts on correct methods of stocking and displaying parts.

CREDIT/CONTACT HOURS: 9 Credits – 150 Contact Hours – 9 hours per week

DELIVERY MODE(S): Instructor led classroom theory

OBJECTIVES (OPTIONAL): The program has been developed to provide students with entry level skills as a Parts and/or Materials Technician. After obtaining a requisite number of hours in the work force, the student would be eligible to continue with Alberta Apprenticeship and Industry training in the Parts and/or Materials Technician trade towards journeyman certification.
