

## DEPARTMENT OF SCIENCE

### COURSE OUTLINE – Winter 2024

#### **POF 430 (VA2): 4<sup>th</sup> Class Power Engineering Practicum Independent Plant Report – 1 (1-0-2) 18 Hours over 6 Weeks**

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.
