Any incomplete grades or grade contentions must be done BEFORE the last scheduled lecture (except for the final exam of course). After the last scheduled lecture all grades, as they appear on moodle, will stand. Any grade contentions must be done in writing (word processed) and provide a detailed justification why the grade should be reconsidered with evidence (such as reference to specific page numbers in the textbook).

If a student has a valid reason for being unable to attend an exam, the instructor must be advised in person before the exam is administered. Failure to notify the instructor of an absence and/or lack of a valid reason will result in a grade of 0 with no option to write a deferred exam or make up assignment. Permission to grant a deferred exam is at the discretion of the instructor and is contingent on a valid reason and evidence such as a doctor's note presented to the instructor in person. Multiple requests for deferred exams or assignments are not typically granted irrespective of reason(s). Deferred exams are written in the testing center A205. Once permission from the instructor has been granted, contact 780 539 2954 to schedule the exam and then advise the instructor via email of the day and time at least two working days prior to the scheduled exam. Deferred exams must be completed and graded before the next scheduled exam or the grade will remain zero.

Exams can consist of multiple-choice, short and long answer questions. Exact details will be given to you later in the term regarding each specific exam structure. Students are not permitted to leave the exam room once the exam has started until the exam has been completed and turned in. All electronic devices are prohibited from use at any time during exams. All exam marks are final. This means you cannot rewrite an exam because of a poor grade and there are no written assignments to make up for a poor exam grade.

The assignment must be word-processed. It is important to save a copy of any written work handed in for credit or grading. Details on the assignment will be given to you on a separate handout at the beginning of the term. Assignments are due on the date set by the instructor at the beginning of class in hardcopy-paper format. Do not print double-sided. The instructor does NOT accept emailed assignments. Unauthorized late assignments will have a 5% per day late penalty applied to the assigned grade (including weekend days). If there is a valid reason for an extension, it must be requested in person prior to the due date although students should be advised that extensions are rarely granted in lieu of the late penalty.

STUDENT RESPONSIBILITIES: Regular attendance is critical to success in this course. Should a student be unable to attend a class, it is the student's responsibility to acquire the missed material and to complete the assigned readings. The instructor does not lend out lecture notes.

Learning is an active process that will take effort on your part. Students are expected to read the chapters in advance of lectures, participate in activities and discussions in the classroom, and communicate with the instructor when difficulties are encountered with the course material. Students are responsible for learning all of the assigned chapters, even if all the material has not been covered in lecture, as well as any other topic or video covered during class time.

Students are expected to display a professional attitude and behavior in the classroom including academic honesty, respect for and cooperation with your colleagues and the instructor, attention to colleague's questions and the instructor's response, and a determination to meet deadlines. Students who are unable to meet these expectations will be required to leave the class in the interest of preserving the learning environment for the other students.

If you have a disability, please self-identify to the instructor if you require any specialized supports.

Please be sure to familiarize yourself with moodle as all communication with students outside of class and office hours will be done via email to your gprc email account. Be sure to check your college email often or forward messages to your regular email account. Please also be sure to specify exactly which course you are in when contacting the instructor.

STATEMENT ON PLAGIARISM AND CHEATING: Please see the Student Conduct section of the College Admission Guide at <http://www.gprc.ab.ca/programs/calendar/> or the College Policy on Student Misconduct: Plagiarism and Cheating at www.gprc.ab.ca/about/administration/policies/**.
