At GPRC, a “D” is considered a minimal pass and will *normally* meet the requirements for the next level of study. However, other post-secondary institutions may not grant credit for D or D+ (i.e., grades below C- may not be given credit). Furthermore, some institutions accept D for transfer credit, but may not allow students to use the course as a prerequisite for other courses. Therefore, if you receive a D or D+ in any of your courses, it is strongly advised that you check the requirements of your transfer institution to see if they will consider a D or D+ sufficient for credit or as a prerequisite for other courses.

### EVALUATIONS:

1. **Quizzes/Exams.** There will be four quizzes; each will be in a multiple choice format. Each quiz is worth 5%, for a total of 20%. Please refer to page 9 of this outline for more information on missed quizzes.

The midterm and final exams will include multiple-choice and short answer questions. The multiple choice questions are taken “primarily” from the test-bank and the short answer questions will be taken primarily from the lecture material. The final exam will not be cumulative; it will cover material from after the midterm to the end of term.

The dates of the quizzes and midterms are indicated on page 7 of this outline. The

date of the final exam will be announced by the Student Services office, but note that it will be between April 15 and April 26, 2016

**Weight: Quizzes: 5% each for a total = 20%; Midterm exam = 25%; Final exam = 30%.**

2. **Research and Writing Skills Assignment** This assignment entails completed several components that culminate in a paper. You will choose a question that is relevant to Forensic Psychology, do library research to find answers to that question, and write a paper. Please note that I reserve the right to use any means available, including electronic searches, to check for plagiarism.

All components are due at the beginning of class on the stipulated due-dates. Anything submitted after the beginning of class will be considered late. Any component handed in later than the stipulated due dates will be docked up to 25% per day (at my discretion).

**Weight of paper and related components = 15%**

3. **Attendance.** Student input during lectures is enthusiastically welcomed and strongly encouraged. There are a variety of ways that you can contribute to the lectures, such as asking relevant questions, making insightful comments during the lectures, contributing to discussion during group work. Attendance is taken during each class. **Please note that students who miss more than 10% of classes without an acceptable excuse may be debarred from writing the final exam.** Weight = 5%
4. **Assignments.** There will be several chapter assignments, each comprised of multiple choice questions taken the test bank. These assignments will be posted on Moodle. It is your responsibility to note and meet the deadlines for the assignments. Deadlines will be announced in class and will be indicated on the Moodle assignment.

**Weight = 5%**

## **STUDENT RESPONSIBILITIES:**

### **1. PAYING ATTENTION IN CLASS**

**TEXTING IS NOT ALLOWED IN MY CLASS. NO EXCEPTIONS.** Keep your cellphones in your bag.

**COMPUTERS ARE NOT ALLOWED, EXCEPT FOR NOTE TAKING PURPOSES.** Computers will be disallowed completely for students who

**are found to be using their computer during the lecture for out-of-class activities.**

If you have problems meeting these expectations, I will be happy to assist you.

Bottom line—you are expected to pay attention in class, whether it be attending to me while I am lecturing/answering student questions, or to another student who is speaking to the class. Texting and inappropriate use of computers not only negatively affects your attention, but also the attention of other students.

## **2. LECTURE ATTENDANCE/ABSENCES**

First of all—**come on time and stay in class**; deal with eating/drinking/bathroom needs before or after class. Classes are only 80 minutes long, so this expectation should be easy to manage. Arriving late and leaving during class is EXTREMELY DISTRACTING.

Students are held accountable for all lecture materials and readings. It is your responsibility to keep up with class work. Therefore, you are expected to attend all lectures. Attendance will be taken every class.

**If you are absent from a class, all missed material is to be obtained by approaching a fellow student, not the instructor. It would be very unfair for students who miss lectures to be advantaged by getting the instructor's notes.** Typically, the quality of note-taking by students is quite variable. Therefore, if you miss a lecture and need to rely on another student as a source for the missed lecture material, it is advised that you **pick your sources very carefully.**

If you are missing a class for excusable reasons (e.g., illness, appointment) and wish to avoid having your attendance/participation grade docked, please email me at [ckorpan@gprc.ab.ca](mailto:ckorpan@gprc.ab.ca). Write “**Absence from PY3950 Class**” in the subject box and provide your explanation in the email. Please be aware that I may ask for documentation.

**Again, students who miss more than 10% of classes without an acceptable excuse may be debarred from writing the final exam.**

## **3. RESPECTFUL CONDUCT**

**It is expected that all students will display respectful attitude and behaviours** in the classroom. This includes coming to class on time and leaving without

disruption to others. Also expected is attention to the instructor and fellow students during discussions of topics relevant to the course. Disrespect will not be tolerated. Examples of disrespectful behaviour include talking while the instructor or fellow students are discussing course material, making rude, destructive comments, reading the newspaper, putting your feet up on the desk, putting your head down on the desk for a nap, and so on. Also, unless you are awaiting a call about something of a very very serious nature, **TURN OFF YOUR CELLPHONE.** Phones that ring during lectures cause a lot of distraction. Furthermore, people answering these calls during class cause even more distraction. Loving to listen to music is wonderful, but **LISTEN TO YOUR MUSIC OUTSIDE OF CLASS.** Instructors and other students can often hear the music which creates a distraction. Furthermore, such behaviour is disrespectful to instructors. **AS STATED EARLIER, TEXTING, FACEBOOKING, PLAYING COMPUTER GAMES, CHECKING EMAILS, DOING ASSIGNMENTS FOR THIS COURSE AND OTHER COURSES, ETC. DURING CLASSTIME ARE NOT ALLOWED.** These types of expectations are based on common sense—you cannot learn the course material while engaging in these activities. Furthermore, research indicates that those around you are negatively affected by such activities. Finally, such activities are blatantly disrespectful. **Students unable to meet these expectations will be required to leave the class in the interest of preserving the learning opportunities of other students.**

Please refer to pages 42-43 of the calendar for more information regarding the conduct expected of students

#### **4. OTHER RESPONSIBILITIES**

You are also expected to prepare for each lecture by reading the assigned chapters and handouts. Students who prepare for lectures learn and perform much better than students who do not prepare.

Although the instructor feels that all the material in the text book is important and interesting, **limited class time prevents discussion of all the material covered in the text.** You are responsible for learning textbook material (assigned chapters only) that is not discussed in class. Please feel free to approach me outside of class if you wish to get clarification on this material.

#### **STATEMENT ON PLAGIARISM AND CHEATING:**

Cheating and plagiarism will not be tolerated and there will be penalties. For a more precise definition of plagiarism and its consequences, refer to the Student Conduct section of the College Admission Guide at <http://www.gprc.ab.ca/programs/calendar/>

Or the College Policy on Student Misconduct: Plagiarism and Cheating at

**\*\*Note:** all Academic and Administrative policies are available on the same page.

Instructors reserve the right to use electronic plagiarism detection services on written assignments. Instructors also reserve the right to ban the use of any form of electronics (cell phones, Blackberries, iPods, tablets, scanning pens, electronic dictionaries, etc.) during class and during exams.

Again, the dates for the final examination period fall between April 15 and 26, inclusive. **DO NOT PLAN YOUR VACATION DURING THIS PERIOD**

## **MISSED QUIZZES/EXAMS**

Dates for the quizzes and midterm are included on page 8 of this course outline. **Quizzes that are missed for any reason will not be rescheduled.** If a student misses a quiz due to **verified** illness, dentistry, accident, emergency, or GPRC obligations (e.g., you are away due to the requirements of another course) the **weight of the quiz will be transferred to the midterm (Quizzes 1/2) or final exam (Quizzes 3/4).** If a student misses a quiz for reasons that do not include verified illness, dentistry, accident, or emergency, then a “0” (zero) will be assigned to that quiz. Holidays, employment, etc. are not considered to be excusable reasons to miss any exam in this course. Missing a quiz without explanation from the student will result in a “0” on that quiz.

**Students who miss a midterm because of illness, dentistry, accident, or emergency (verified) must write the midterm at another date** (set by me—I will chose a date that is mutually convenient). **I will NOT transfer the weight of the midterm to the final, as this practice will not allow me to adequately assess student learning of the first half of the course.** When students miss the midterm for reasons that do not include verified illness, dentistry, accident, or emergency, a “0” is assigned to that the midterm. Students who miss the midterm without explanation will receive a “0” on the midterm.

**Absences from a registrar-scheduled Final Exam fall under GPRC Examination Policy.** It is the responsibility of the student to be informed about these policies prior to the final examination period. If the final exam is missed due to illness, you will be required to submit an application to the Registrar’s office for permission to write a deferred exam and must do so within 48 hours of the scheduled exam time. You may defer the final exam for up to 20 days of the end of the examination period. **You will be required to provide documentation for your illness.**
