Total	395 pts	100 %

**Chapter Quizzes** (10 quizzes at 10 points each for 100 points total)

Beginning week 2, you will complete chapter quizzes on our course webpage (MyClass). There will be 10 questions (combination on multiple choice and true and false questions). These quizzes serve to encourage that you consistently read the chapters and to test your knowledge as we move forward in the course. Beginning the second week of the class (See below), quizzes will open on Monday at 12:00 AM and close the following Sunday at 11:59 PM. It is your responsibility to ensure that you complete these quizzes on time. No exceptions will be made for lateness.

**Unit Reflections** (4 reflection papers at 10 points each for 40 points total)

At the end of each unit, you will write a 1-2 page reflection about what you learned, your general impression of the unit (enjoyed, criticisms), and at least one question to generate discussion for class. Unit reflections are based on the material (class lectures, readings, videos, discussions, etc.).

**In Class Activities** (groupwork, submit 4 reflection papers, 10 points each, worth 40 points total)

Throughout the semester, there will be in-class activities based on a given topic. Working in groups of 3-4, you will need to submit only 4/5 reflection papers based on the activity. All members of the group will share the grade for the activity.

**Research Paper Assignment** (consists of 3 parts, worth a total of 75 points)

You will complete a full research paper based on data you collect from a simple *Bus Trip to the Prairie Mall*. The research paper will be broken down in steps. First, you will **take a bus trip to the mall** (proof of bus trip needed!) to collect original data and **produce field notes and evidence about the trip**. You will then come up with a **research topic (based on the trip)**, **write a research problem statement, and then write a working thesis or argument**. Note: you may travel with a group or friend to the mall but submit individual work.

This first project will be evaluated and must be approved by the instructor before moving onto the **outline assignment**. The outline assignment consists of locating peer-reviewed, academic resources, and then organizing research into a logical essay in which you paraphrase research and utilize proper citations (APA 7<sup>th</sup> edition citation style). You will incorporate your data (i.e., fieldnotes) that you collected on your trip. Finally, you will complete a **full research paper** that consists of full sentences, paragraphs, and a complete title page and reference page. All of these assignments have strict due dates.

**Midterm** (60 points total)

The midterm (20% of course grade) will consist of multiple choice and true/false questions. There will be a brief review the class before the midterm. The midterm will test your knowledge and application of concepts, theories, and perspectives on the course material (textbook, journal articles, classroom discussions, and video clips) up until the midterm.

**Final Exam** (80 points total)

The Final Examination (30% of course grade) will consist of multiple choice and true/false questions. Like the midterm, there will be a brief review before the final exam. The final exam is non-cumulative but the emphasis will be on ‘big picture’ themes and concepts. The final exam will be based on all course material (textbook, journal articles, classroom discussions, and video clips).

### Professional Conduct:

- Please be aware that I respect that everyone's time is precious and valuable, please afford me the same courtesy.

- Please only use your **GPRC e-mail account** to avoid having your message blocked by SPAM filters.
- Always include “SO1000” (with your section, A2) in the subject line (or I may never even receive your message).
- Finally, in our academic environment, please practice writing e-mails *formally*, as you will need to do on a regular basis upon graduation. For example, use a simple greeting, do not use slang or abbreviations, and always sign off with your name!
