**STUDENT RESPONSIBILITIES:**

Students are responsible for their own learning and for ensuring they do not interfere with the learning of others. If you have any difficulties or need help meeting any program expectations; please speak with one of your instructors as soon as you can.

We expect all students to strive to meet two basic expectations:

Participation: Students must have 100% attendance and punctuality for all program activities. This includes classes, work placements, evening program commitments, community involvement activities, and any appointments with program staff or others. If it becomes necessary for you to miss or come late to any activity students are expected to advise their instructor as soon as possible. If the instructor agrees the change is necessary and appropriate notice was given students will be treated as though they did attend.

Respect: Students are expected to conduct themselves respectfully in regards to classmates, instructors, college staff, coworkers and supervisors at their job placements, community members, and themselves. This includes behaving in a manner that does not distract students involved in any program activity. Examples include: no cell phones at any class activity, being on time for class or other activities.
